TROUBLESHOOTING FREQUENTLY ASKED QUESTIONS

TROUBLESHOOTING		
TROUBLE	PROBABLE CAUSE	SOLUTION
• Unit does not turn on.	<ul style="list-style-type: none"> ☛ Not plugged in. ☛ Outlet not functioning. 	<ul style="list-style-type: none"> ✓ Plug in unit. ✓ Have outlet replaced by a licensed electrician.
• Mist output minimal to none.	<ul style="list-style-type: none"> ☛ Filter has not absorbed water. ☛ Cool mist is invisible. 	<ul style="list-style-type: none"> ✓ Wait 30 minutes for filter to absorb water. ✓ Operate in High (2) setting.
• Filter turns brown.	<ul style="list-style-type: none"> ☛ The filter has absorbed minerals. 	<ul style="list-style-type: none"> ✓ Replace your filter (HWF62/SF212) by calling 1-888-264-9669, or visiting www.sunbeam.com.
• FilterCheck® is not working.	<ul style="list-style-type: none"> ☛ Takes 60 minutes to register. 	<ul style="list-style-type: none"> ✓ Allow the humidifier to run continuously for 60 minutes. FilterCheck® indicator will move from the OFF position and indicate your filter condition.

FREQUENTLY ASKED QUESTIONS	
Question	Answer
• What are the variables that affect run time?	<p>The estimated run time for this humidifier is based on average room conditions. The actual run time of your humidifier is dependent on numerous variables such as:</p> <ul style="list-style-type: none"> ✓ Air exchange in the room where the humidifier is placed. ✓ Room construction of the room where the humidifier is placed. ✓ Temperature of the room where the humidifier is placed. ✓ Humidity levels in the room where the humidifier is placed. ✓ Movement of occupants and the opening and closing of doors in the room where the humidifier is placed. ✓ Home furnishings in the room where the humidifier is placed.
• How do I remove film on water tank?	<ul style="list-style-type: none"> ✓ See Daily Maintenance instructions. Regular cleaning is recommended.
• How can I extend the run time?	<ul style="list-style-type: none"> ✓ Run your unit on the lowest setting. ✓ If your unit has electronics, set it to your desired humidity level. The unit will turn on and off, which will extend the run time. ✓ Fill the tank all the way full, place it on the base, let the water empty into the base until it stops bubbling, then refill the tank full again. This ensures maximum water capacity and will extend run time.

WARRANTY

1 YEAR LIMITED WARRANTY

Sunbeam Products, Inc. doing business as Jarden Consumer Solutions Limited doing business as Jarden Consumer Solutions Limited, from the date of purchase, this product will be free from defects in materials or workmanship. If the product is found to be defective, we will repair or replace this product or any component of the product. Replacement will be made with a new or remanufactured product. Replacement may be made with a similar product of equal or greater value. This warranty is valid for the original retail purchaser only. Keep the original sales receipt. Proof of purchase is required. Retail centers, or retail stores selling JCS products do not have the authority to alter the conditions of this warranty.

This warranty does not cover normal wear of parts or accessories, misuse of the product, use on improper voltage or current, or repair or alteration by anyone other than JCS or an authorized service center. Acts of God, such as fire, flood, hurricanes and other natural disasters are excluded.

What are the limits on JCS's Liability?

JCS shall not be liable for any incidental or consequential damages, or for any statutory warranty or condition.

Except to the extent prohibited by applicable law, any warranty, express or implied, particular purpose is limited in duration to the duration of the product. JCS disclaims all other warranties, conditions or representations. JCS shall not be liable for any damages of any kind resulting from the use of the product including incidental, special, consequential or punitive damages, contract, fundamental or otherwise, or for any claim for attorney's fees. Some provinces, states or jurisdictions do not allow the exclusion or limitations on how long an implied warranty lasts, and may vary the application of this warranty. This warranty gives you specific legal rights, and you may have other rights that vary by state to state or jurisdiction to jurisdiction.

How to Obtain Warranty Service

In the U.S.A.

• ¿Qué hacer si el humidificador no funciona?	• Verificar que el humidificador esté enchufado y que el tomacorriente funcione correctamente.

INFORMACION

GARANTÍA LIMITADA

Sunbeam Products, Inc. operando bajo el nombre de Jarden Consumer Solutions Limited (Canada) Limited operando bajo el nombre de Jarden Consumer Solutions Limited, por un período de uno años a partir de la fecha de compra. Si el producto presenta defectos durante el período de garantía, JCS, a su elección, reparará o reemplazará el producto o cualquier componente del mismo. Si el producto ya no estuviera disponible, se reemplazará con un producto similar de igual o mayor valor. Esta es su garantía exclusiva. No intente reparar el producto. Al hacerlo eliminará esta garantía.

La garantía es válida para el comprador minorista original y no es transferible. Conserve el recibo de compra original. No se permite la compra. Los agentes y centros de servicio de JCS o las sucursales no tienen derecho a alterar, modificar ni cambiar de ningún otro modo las condiciones de esta garantía.

Esta garantía no cubre el desgaste normal de las piezas o mal uso del producto, uso de voltaje incorrecto o corriente eléctrica, o reparación o alteración por parte de un tercero. Asimismo, la garantía no cubre actos fortuitos tales como incendios, inundaciones, huracanes y otros fenómenos naturales.

¿Cuál es el límite de responsabilidad de JCS?

JCS no será responsable de daños incidentales o consecuentes, o de cualquier condición expresa, implícita o legal.

Excepto en la medida en que lo prohíba la ley aplicable.

PLEASE READ AND SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

1. Read all instructions before using the appliance.
2. To avoid fire or shock hazard, plug the appliance directly into a 120V AC electrical outlet.
3. Keep the cord out of heavy traffic areas. To avoid fire hazard, NEVER put the cord under rugs or near heat registers.
4. DO NOT place humidifier near heat sources such as stoves, radiators, and heaters. DO locate your humidifier on an inside wall near an electrical outlet. The humidifier should be at least 4 inches (10 cm) away from the wall for best results.
5. NEVER place humidifier in an area where it is accessible to children. NEVER use humidifier in a closed room, particularly where a child may be sleeping, resting, or playing (a closed room may result in excessive humidity).
6. **WARNING:** Do not attempt to refill humidifier without first unplugging the unit from its electrical outlet. Failure to heed this warning may cause personal injury. Be sure to unplug the unit by pulling on the plug and not the cord.
7. Never place anything over moisture outlet when the unit is running.
8. NEVER drop or insert any object into any openings.
9. DO NOT operate any appliance with a damaged cord or plug, after the appliance malfunctions, or if it has been dropped or damaged in any manner. Return appliance to manufacturer for examination, electrical or mechanical adjustment, or repair.
10. Use appliance only for intended household use as described in this manual. Any other use not recommended by the manufacturer may cause fire, electric shock, or injury to persons. The use of attachments not recommended or sold by the manufacturer may cause hazards.
11. DO NOT use outdoors.
12. Always place humidifier on a firm, flat, level surface. A waterproof mat or pad is recommended for use under the humidifier. NEVER place it on a rug or carpet, or on a finished floor that may be damaged by exposure to water or moisture.
13. DO NOT allow the Moisture Outlet to directly face the wall. Moisture could cause damage, particularly to wall paper.
14. Humidifier should be unplugged when not in use.
15. NEVER tilt, move, or attempt to empty unit while it is operating. Shut off and unplug before removing the water tank and moving the unit.
16. This humidifier requires daily and weekly maintenance to operate appropriately. Refer to daily and weekly cleaning procedures. Use only cleaners and additives recommended by the manufacturer.
17. NEVER use detergents, gasoline, glass cleaner, furniture polish, paint thinner, or other household solvents to clean any part of the humidifier.
18. Excessive humidity in a room can cause water condensation on windows and some furniture. If this happens, turn the humidifier OFF.
19. Do not use humidifier in an area where humidity level is in excess of 50%. Use a hygrometer, available at your local retailer or through the manufacturer, to measure the humidity.
20. DO NOT attempt to repair or adjust any electrical or mechanical functions on this unit. Doing so will void your warranty. The inside of the unit contains no user serviceable parts. All servicing should be performed by qualified personnel only.
21. Never place housing under water flow or immerse in liquids.
22. Do not plug in the cord with wet hands: electric shock could result.
23. Do not pour water in any openings other than the water tank.
24. To prevent damage to surfaces, do not place humidifier under overhanging surfaces.
25. NEVER operate unit without water in the tank.

THIS APPLIANCE HAS A POLARIZED PLUG (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet.

DO NOT ATTEMPT TO MODIFY THIS PLUG OR DEFEAT THIS SAFETY FEATURE IN ANY WAY.

LEA Y CONSERVE ESTAS IMPORTANTES INSTRUCCIONES DE SEGURIDAD

Debe tomar precauciones básicas de seguridad siempre que utilice artefactos eléctricos para reducir el riesgo de incendio, descarga eléctrica y daños personales, incluyendo lo siguiente:

1. Lea completamente las instrucciones antes de utilizar el artefacto.
2. Para evitar incendio o descarga eléctrica, enchufe el artefacto directamente en un tomacorriente de 120V CA.
3. Mantenga el cable fuera de las zonas de mucho tráfico. Para evitar incendios, NUNCA coloque el cable debajo de alfombrillas o cerca de salidas de calefacción.
4. NO coloque el humidificador cerca de fuentes de calor como estufas, radiadores y calefactores. NO coloque el humidificador contra una pared interna cerca de un tomacorriente. El humidificador debe estar a por lo menos 4" de la pared para obtener el mejor resultado.
5. NUNCA coloque el humidificador en una zona accesible para los niños. NUNCA use el humidificador en un cuarto cerrado, especialmente donde pueda haber un niño durmiendo, descansando, o jugando (un cuarto cerrado puede resultar en excesiva humedad).
6. **ADVERTENCIA:** No intente llenar nuevamente el humidificador sin antes desenchufarlo del tomacorriente. El no tener en cuenta esta advertencia puede causar daños personales. Asimismo, de desarmar la unidad
11. NO utilizar en el exterior.
12. Siempre coloque el humidificador en una superficie firme, plana y nivelada. Se recomienda el colocar una alfombrilla o bandeja resistente al agua debajo del humidificador. NUNCA lo coloque sobre un tapete o una alfombra, o en un piso que pueda dañarse con el agua o la humedad.
13. NO haga que la salida de humedad apunte directamente a la pared. La humedad puede causar daños, especialmente al empapelado.
14. Se debe desenchufar el humidificador cuando no se usa.
15. NUNCA incline, mueva o intente vaciar la unidad mientras esté funcionando. Apague y desenchufe la unidad antes de quitar el tanque de agua y moverla.
16. Este humidificador requiere mantenimiento diario y semanal para funcionar correctamente. Refiérase a los procedimientos de limpieza diarios y semanales. Use únicamente limpiadores y aditivos recomendados por el fabricante.
17. NUNCA use detergentes, gasolina, limpiavidrios, limpiador de muebles, diluyente de pintura u otro solvente hogareño para limpiar ninguna parte del humidificador.
18. La humedad excesiva en un cuarto puede causar

FEATURES

26. Do not move unit after it has been used until unit cools completely.
27. Use both hands when carrying full tank of water.

PLEASE READ AND SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

CONSUMER SAFETY INFORMATION

NOTE: This is an electrical appliance and requires attention when in use.

NOTE: If moisture forms on the walls or windows of the room, turn off the humidifier. The room already has plenty of humidity and additional moisture may cause damage.

NOTE: DO NOT block air inlet or outlet.

Cord and Plug Installation Safety Instructions:

The length of cord used on this appliance was selected to reduce the hazards of becoming tangled in, or tripping over a long cord. If a longer cord is necessary an approved extension cord may be used. The electrical rating of the extension cord must be equal to or greater than the rating of the humidifier (refer to the rating information placed on the humidifier). Care must be taken to arrange the extension cord so that it will not drape over the countertop or tabletop where it can be pulled on by children or accidentally tripped over.

HOW COOL MIST WORKS

Your Sunbeam® Cool Mist humidifier draws dry air through the rear air intake grill area. This air is then passed through a moisture-laden wick filter, which retains the minerals and deposits in the water. The resulting moist air is directed back into the room from the top air grill.

NOTE: This humidification system provides a cool, invisible moisture output. It is normal not to see the mist.

NOTE: A humidity level below 20% can be unhealthy and uncomfortable. The recommended humidity level is between 40%-50%.

CARACTERÍSTICAS

22. No enchufe el cable con las manos húmedas. Puede ocasionarle una descarga eléctrica.
23. No coloque agua en ninguna abertura que no sea el tanque de agua.
24. Para prevenir el daño a las superficies, no coloque el humidificador debajo de ninguna superficie que sobresalga por encima del mismo.
25. NUNCA haga funcionar la unidad sin agua en el tanque.
26. Una vez utilizada la unidad, no la mueva hasta que haya enfriado completamente.
27. Use las dos manos cuando cargue el tanque de agua.
