

TROUBLESHOOTING FREQUENTLY ASKED QUESTIONS

TROUBLESHOOTING		
TROUBLE	PROBABLE CAUSE	SOLUTION
• Unit does not turn on.	► Not plugged in. ► Outlet not functioning.	✓ Plug in outlet. ✓ Have outlet replaced by a licensed electrician.
• Mist output minimal to none.	► Filter has not absorbed water. ► Cool mist is invisible.	✓ Wait 30 minutes for filter to absorb water. ✓ Operate in High (III) setting.
• Filter turns brown.	► The filter has absorbed minerals.	✓ Replace your filter (HWF62) by calling 1-888-264-9649, or visit www.sunbeam.com .

FREQUENTLY ASKED QUESTIONS

Question	Answer
• What are the variables that affect run time?	The estimated run time for this humidifier is based on average room conditions. The actual run time of your humidifier is dependent on numerous variables such as: ► Air temperature in the room where the humidifier is placed. ► Room construction of the room where the humidifier is placed. ► Temperature of the room where the humidifier is placed. ► Humidity levels in the room where the humidifier is placed. ► Amount of moisture in the air from opening and closing of doors in the room where the humidifier is placed. ► Home furnishings in the room where the humidifier is placed.
• How do I remove film on water tank?	✓ See Daily Maintenance instructions. Regular cleaning is recommended.
• How can I extend the run time?	✓ Run your unit on the lowest setting. ► If your unit has electronics, set it to your desired humidity level. The unit will automatically turn off when it reaches the run time. ► Fill the tank all the way full, place it on the base, let the water empty into the base until it stops bubbling, then refill the tank full again. This ensures maximum water capacity and will extend run time.

If you have any questions regarding your product or would like to learn more about other Sunbeam® products, please contact our Consumer Service Department at 1-888-264-9649 or visit our website at www.sunbeam.com.

DIAGNÓSTICO DE PROBLEMAS PREGUNTAS FRECUENTES

PROBLEMA	POSIBLE CAUSA	SOLUCIÓN
• La unidad no se enciende.	► No está enchufada. ► El interruptor no funciona.	✓ Enchufar. ✓ Haga reemplazar el interruptor por un electricista calificado.
• Salida de vapor mínima o nula.	► El filtro no ha absorbido el agua. ► La niebla fría es invisible.	✓ Espere 30 minutos para que el filtro absorba el agua. ✓ Funcionamiento en configuración High (alto) (III).
• El filtro se pone marrón.	► El filtro ha absorbido minerales.	✓ Reemplace su filtro (HWF62) llamando al 1-888-264-9649, o visite www.sunbeam.com .

PREGUNTAS FRECUENTES

PREGUNTAS	RESPUESTAS
• ¿Cuáles son las variables que afectan el tiempo de funcionamiento?	El tiempo de funcionamiento estimado de este humidificador está basado en las condiciones ambientales promedio. El tiempo de funcionamiento actual de su humidificador depende de las siguientes variables: ► El intercambio de aire en el cuarto donde se encuentra el humidificador. ► La estructura del cuarto donde se encuentra el humidificador. ► La temperatura del cuarto donde se encuentra el humidificador. ► Los niveles de humedad en el cuarto donde se encuentra el humidificador. ► La actividad de los ocupantes y la sequedad en que se crean y crean los puntos de condensación y la sequedad en que se crean y crean los puntos de condensación presentes en el cuarto donde se encuentra el humidificador.
• ¿Cómo quito la película del tanque de agua?	Consulte las instrucciones diarias de mantenimiento. Se recomienda una limpieza regular.
• ¿Cómo puedo extender el tiempo de funcionamiento?	► Haga funcionar la unidad en el modo más bajo. ► Si su unidad tiene electrónica, ajuste el nivel de humedad deseado. La unidad automáticamente apagará y operará, extendiendo el tiempo de funcionamiento. ► Use el tiempo de máxima, coloque la base en la base, deje que el agua se vacíe en la base y luego deje la base en la base. Luego llenar la base con agua de nuevo. Esto provee una capacidad adicional de agua que extenderá el tiempo de funcionamiento.

WARRANTY INFORMATION

1 YEAR LIMITED WARRANTY

Sunbeam Products, Inc., doing business as Jarden Consumer Solutions, or in Canada, Sunbeam Corporation (Canada) Limited doing business as Jarden Consumer Solutions, (an entity formerly known as Jarden Corporation) warrant this product for a period of one year from the date of purchase. This product will be free from defects in material and workmanship. JCS, at its option, will repair or replace product or any component of the product found to be defective during the warranty period. Replacement will be made with a new or remanufactured product or component, at the sole discretion of JCS. The original receipt is required to verify the date of purchase. Do NOT attempt to repair or adjust any electrical or mechanical function of this product. Doing so will void this warranty. This warranty is valid for the original retail purchaser from the date of initial retail purchase and is not transferable. Keep the original sales receipt. Proof of purchase is required to obtain warranty performance. JCS dealers, service centers and authorized JCS agents are not entitled to give the right to do any of the above or any change the terms and conditions of this warranty.

This warranty does not cover normal wear of parts or damage resulting from any of the following: negligent use or misuse of the product, use on an improper voltage or current, use contrary to the operating instructions, disassembly, repair or alteration of the product, damage caused by accident or acts of God such as fire, flood, lightning and tornadoes.

What are the limits on JCS's liability?

JCS shall not be liable for any incidental or consequential damages caused by the breach of any express, implied or statutory warranty or condition.

Except to the extent prohibited by applicable law, any implied warranty or condition of merchantability or fitness for a particular purpose is limited in duration to the duration of the above warranty.

JCS disclaims all other warranties, conditions or representations, express, implied, statutory or otherwise.

JCS shall not be liable for any damages of any kind resulting from the purchase, use or misuse of, or inability to use the product, including but not limited to, incidental or consequential damages, loss of profits, loss of business, loss of contract, fundamental or otherwise, or for any claim brought against purchaser by any other party.

Some provinces, states or jurisdictions do not allow the exclusion or limitation of incidental or consequential damages or limitations on how long an implied warranty lasts, so the above limitations or exclusion may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights that vary from province to province, state to state or jurisdiction to jurisdiction.

How to Obtain Warranty Service

In the U.S.A.

If you have any questions regarding this warranty or would like to obtain warranty service, please call 1-888-264-9649 and a convenient service center address will be provided to you.

In Canada

If you have any questions regarding this warranty or would like to obtain warranty service, please call 1-888-264-9649 and a convenient service center address will be provided to you.

PLEASE READ AND SAVE THESE IMPORTANT SAFETY INSTRUCTIONS

When using electrical appliances, basic safety precautions should always be followed to reduce the risk of fire, electric shock, and injury to persons, including the following:

- Turn off all controls before using the appliance.
- Do not use the appliance while plugging or unplugging the appliance directly into a 120V AC electrical outlet.
- Keep the cord and end of heavy traffic area. If ever it frays or wears, do not use.
- DO NOT plug humidifier under heat sources such as stoves, radiators, and electric dryers. DO locate your humidifier on an end wall near an electrical outlet. The humidifier should be at least 12 inches from any wall or corner.
- NEVER place humidifier in an area where it is accessible to children. NEVER use humidifier in a closed room, particularly where there is a fireplace, wood stove, or kerosene heater, or places where oil fumes may be present.
- WARNING:** Do not attempt to turn off humidifier without first unplugging the unit from its electrical outlet. Failure to heed this warning could result in death or serious injury. Turn off the unit, then unplug the cord.
- Never plug in or unplug any outlet while the unit is running.
- NEVER drop or insert any object into any opening.
- DO NOT operate your appliance with a damaged cord or plug, after the appliance malfunctions, or if it has been dropped or damaged in any way. If any of these situations occur, have the unit repaired by a qualified service technician to manufacturer for examination, electrical or mechanical adjustment, or repair.
- DO NOT attempt to disassemble, repair, or disassemble the unit. Any attempt to do so is not recommended by the manufacturer may cause fire, electric shock, or injury to persons. Use of such attempts is not recommended and may result in personal hazard.
- DO NOT use outlets.
- Always plug in your power cord in a flat, level surface. A water proof mat or pad is recommended for use under the unit.

THIS APPLIANCE HAS A POLARIZED PLUG (one blade is wider than the other). To reduce the risk of electric shock, this plug is intended to fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician to install the proper outlet.

DO NOT ATTEMPT TO MODIFY THIS PLUG OR DEFET THIS SAFETY FEATURE IN ANY WAY.

LEA Y CONSERVE ESTAS IMPORTANTES INSTRUCCIONES DE SEGURIDAD

Dobla atención preneciones básicas de seguridad siempre que utilice artefactos eléctricos para reducir el riesgo de incendio, descarga eléctrica y lesiones personales, incluyendo lo siguiente:

- Lea completamente las instrucciones antes de utilizar el artefacto.
- Para evitar incendios o descargas eléctricas, evite dañar el cable de alimentación o la toma de corriente.
- Mantenga el cable fuera de los lugares de mucha tráfico. Para evitar incendios, NUNCA coloque el cable debajo de alfombras, en estercoleras o en lugares donde el calor sea excesivo.

- NO coloque el humidificador cerca de fuentes de calor como estufas, radiadores y calefactores. NO coloque el humidificador en un área donde el calor sea excesivo o húmedo. El humidificador debe estar a por lo menos 4" de la pared para obtener el mejor resultado.
- NUNCA utilice el humidificador en un cuarto cerrado, especialmente cuando pueda haber un alto contenido de vapor. El uso excesivo de vapor puede resultar en exceso húmedo.

- ADVERTENCIA:** No intente limpiar el humidificador con un paño húmedo ni con agua. Si lo hace, se puede dañar el artefacto.
- NO intentar en este artefacto puede causar daños personales. Asegúrese de desmontar la unidad del enchufe y del cable.

- Siempre apague el artefacto antes de moverlo de un cuarto de humedad a otro.

- NO intente limpiar el artefacto o el cable con estropajos duros, luego de usarlo, si se ha dañado o soñado cualquier tipo de daño. Revuelva el artefacto durante el lavado con agua tibia y jabón.

- Diríja el efecto directamente para el propósito indicado en este manual. Cualquier uso incorrecto del artefacto puede causar incendio, descarga eléctrica, o daños personales. El uso de accesorios no recomendados o que no sean vendidos por el fabricante puede ser peligroso.

ESTE PRODUCTO TIENE UN ENCHUFE POLARIZADO (una hoja es más ancha que la otra). A fin de reducir el riesgo de descarga eléctrica, este producto viene insertado en una toma de corriente polarizada de un solo sentido. Si el enchufe no entra completamente en el tomacorriente, invertirlo. Si aun así no entra, llame a un electricista calificado para instalar un tomacorriente polarizado.

NO MODIFIQUE EL ENCHUFE NI ANULE ESTA FUNCION DE SEGURIDAD DE NINGUNA MANERA.

FEATURES - OPERATIONS

- Do not move unit after it has been used until unit cools completely.
- Wash hands when carrying full tank of water.
- Turn off all controls before using the appliance.
- DO NOT plug humidifier under heat sources such as stoves, radiators, and electric dryers. DO locate your humidifier on an end wall near an electrical outlet. The humidifier should be at least 12 inches from any wall or corner.
- NEVER place humidifier in an area where it is accessible to children. NEVER use humidifier in a closed room, particularly where there is a fireplace, wood stove, or kerosene heater, or places where oil fumes may be present.
- WARNING:** Do not attempt to turn off humidifier without first unplugging the unit from its electrical outlet. Failure to heed this warning could result in death or serious injury. Turn off the unit, then unplug the cord.
- Never plug in or unplug any outlet while the unit is running.
- NEVER drop or insert any object into any opening.
- DO NOT operate your appliance with a damaged cord or plug, after the appliance malfunctions, or if it has been dropped or damaged in any way. If any of these situations occur, have the unit repaired by a qualified service technician to manufacturer for examination, electrical or mechanical adjustment, or repair.
- DO NOT attempt to disassemble, repair, or disassemble the unit. Any attempt to do so is not recommended by the manufacturer may cause fire, electric shock, or injury to persons. Use of such attempts is not recommended and may result in personal hazard.
- DO NOT use outlets.
- Always plug in your power cord in a flat, level surface. A water proof mat or pad is recommended for use under the unit.

CONSUMER SAFETY INFORMATION

NOTE: This is an electrical appliance and requires attention when in use.

NOTE: If moisture forms on the walls or windows of the room, turn off the humidifier. The room already has plenty of humidity and additional moisture may cause damage.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.

NOTE: Do not attempt to use any electrical or mechanical device that would interfere with the operation of the humidifier.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.

NOTE: Do not use humidifier in an area where humidity level is in excess of 50%. Use caution when using furniture.
